About Us

The tradition of producing PVC profiles dates back to 2005 and the beginnings of the idea of what we have today. After seven years of careful preparation and study in 2012, the BAUFENS profile series saw the light of day. PVC profile that is available to everyone. High performance and proven durability. Tested and verified by the German testing institute, BAUFENS

has confirmed that it is undeniably the highest quality PVC profile on the market. Our goal is to meet all the demands of our clients with our quality and make them happy. Our goal is to present to the whole world the quality that Baufens carries. With a team of proven experts, we bring to our clients only the best of PVC profiles. That's why our MISSION is your HAPPINESS.

Our Timeline

Without continual growth and progress, such words as improvement, achievement, and success have no meaning.

Founding of our company

Our tradition of doing business in the PVC industry began about 20 years ago. Then we started as a small company with big goals and expectations.

2005

Production of the first PVC profile of our company

In this period, our company started producing the first and only domestic PVC profile in Bosnia and Herzegovina. The 5-chamber profile was the first product that the company's company entered the market with.

2012

Start of export

One year after the release of the first PVC profile, our company starts exporting our products.

2013

2016

New production area

Due to the huge expansion on the domestic and foreign markets, our company is opening a new production area of over 52,000 square meters. Also, in 2016 our company became the leading and only producer of PV profiles and PVC joinery in Bosnia and Herzegovina.

Market release of the second series of PVC Bauфens products

After years of research, in 2017, our company presented its second series of 7-chamber Bauфens profiles to the market. In Platinum, Gold and Silver versions.

2017

2020

Export growth

With rapid expansion on the non-domestic market, our company records an increase in the export of our PVC products, profiles, panels of finished joinery, etc. in almost 100 percent.

Expansion to the western market

In this period, our company recorded a huge demand and expansion on the western market.

2022
